

“ Sanville is so cosy. A home from home for my mother in law. ”

“ Everything in Sanville is perfect. My room, the staff, the food, everything. ”

“ It was a blessing in disguise the day we were introduced to Sanville Nursing Home. It became a home from home, not only for dad but for ourselves. As a family we were always made feel very welcome with smiling faces and a cup of tea. We appreciate it wasn't always easy however the gradual transformation for dad from being a totally dependent patient to his normal self is a memory cherished by us. This was all achieved through your skills, understanding and loving care . ”

“ Whether a resident is here short or long term, each is treated as family. Sanville is unique in that many of our staff have been part of our home for years. I am very proud to be a member of Saville's family. ”

## *Kind Testimonials*

from our staff and residents  
from our Care Homes

SANVILLE GROUP  
OF CARE HOMES

To see the relief and gratitude on someone's face when you say, we understand, we will care for your loved one and support your family is a wonderful moment.

The love, laughter and sometimes tears make it an honour to be invited into our residents' lives. We become a part of their extended family.

The responsibility for making the right decision can make such a difference to a resident's wellbeing.

It's the little things that make a difference to someone's day. A smile, a touch, a dance... Engaging in an interested way with a resident gives me a sense of personal happiness that I have made them feel special.

I'm more than a nurse. I'm a friend, a confidante, a hand to hold, a shoulder to cry on. I share memories from times I'm not old enough to remember.

I feel I can really make a difference to residents' lives by offering individualised, respectful care that is the right of each resident.

When a relative or a resident pats my hand or smiles at me in thanks, no words pass but I know I've made a difference. It brings sunshine to my heart.

After 39 years, it's still my passion and I couldn't imagine doing anything else. I truly love nursing.

Every day is so different, each with a tale to tell. It is so rewarding to put someone into their cosy bed, all warm and safe each night, making them feel very safe.
