OF CARE HOMES

The County Care Home Enniskillen

WELCOME TO THE COUNTY CARE HOME

The County Care Home
Is located on an elevated site just off
the Tempo road in Enniskillen,
This is a purpose built care home offering
personalised care in a place you
can call home. This carefully
designed home allow us to offer
a range of care services from
nursing to specialist dementia care.
We deliver compassionate and life enhancing
care in a place like no other.

*To provide exceptional, compassionate, personalised
care that enhances the lives of residents.*

An environment where people can
RELAX, SOCIALISE AND THRIVE

We believe that in later life, the place you call home is every bit as important as the care you receive.

The County Care Home excels in both these areas. Our unique location gives us the space and atmosphere to provide every single resident the bespoke support they need. Our hand picked team of experienced and highly trained staff are on hand to support in living life to the full.

We believe that personalised care helps residents live as independently as possible and retain the quality of life that means so much. That's why the care we provide is always built around and directed by you, the individual.

It's also about dignity. When it becomes difficult to look after yourself, care delivered with compassion can make a life-changing difference. This is what we provide, and in doing so in the beautiful surroundings of The County Care Home we create the perfect atmosphere to relax, socialise, thrive and live life.

Our fabulous chef will allow you to enjoy delicious and fresh home cooked meals. Home made breads and puddings are baked daily, here are served in our homely dining room, though our Server staff are happy to provide in-room dining if preferred.

We also enjoy hosting fun and welcoming events to involve friends, family and the local community to be a part of life at the County.

Our residents enjoy participating in the regular DIY club, visiting nearby Ardhoven Theatre, Killyhevlin Hotel for tea dances and arts and crafts creative sessions with our team of Activity Coordinators. The gardens in are all fully accessible with wide winding pathways and plenty of benches available if residents need to take a rest whilst enjoying a daily walk in the sunshine.

A brief history of the County Hospital in Enniskillen

The County Care Home is housed in the former County Hospital Site in Enniskillen

The old County Hospital was completed in 1821. It was paid for and run by private donation and in 1836 it cost £1,400 per year. In 1896 it was taken over by the County Council and a year later an extension fund was started by Dr.Kidd. Over the next 30 years many improvements were carried out including the installation of an X-ray machine and an Ultra Violet Unit in 1928. All this was paid for by fund raising and donation.

In 1949 it was taken over by the state and in 1964 the new Erne

Hospital on the Cornagrade Road was opened on the site of the Workhouse . The County became the main geriatric care hospital for Fermanagh area. As the new Care of the Elderly wing opened at the Erne Hospital the County Hospital ceased with the last facility the hospital laundry closing it's doors for the last time in 1989. Staff transferred to the Erne Hospital and it too closed it's doors on 21st June 2012 on the day that the new South West Acute Hospital opened.

After many years of being unused and unloved, it has been lovingly brought back to life to begin a new chapter.
